linkedin.com/in/anthony-ballestra-108272307

PROFESSIONAL SUMMARY

Baguio City resident and Bachelor of Science in Information Technology graduate of the University of the Cordilleras. Seeking a full-time General Virtual Assistant role, Monday to Friday, dayshift, and able to work from home or in the office. Reliable and responsive, with clear written and verbal communication, close attention to detail, and strong organizational skills. Hands-on experience with calendar management, client records, data entry, customer follow-up, and administrative tasks.

SKILLS

Email management: Email correspondence, written client updates, verbal communication, and responsive follow-up

Calendar management: Appointment scheduling, booking accuracy, and deadline tracking

Customer support: Client inquiries, intake, onboarding, and status updates

Administrative tasks: Data entry, records management, documentation, and quality review

Tools: Email, web-based admin tools, structured data entry, and scheduling workflows

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern
Moneytrees | 2026

• Coordinated appointment scheduling and patient intake so calendar bookings and client details stayed complete and consistent.
• Completed data entry and records checks for client information, and corrected gaps before records were released.
• Managed administrative follow-through from the initial request to handoff, including written status updates and prompt responses.
• Reviewed each deliverable for accuracy and kept shared project information organized for the team.

PROJECTS

Likharrio — Capstone, Administrative and Client Operations
University of the Cordilleras | likharrio-82864-admin.web.app

• Handled administrative tasks in a dedicated admin site for artist onboarding, listings, and day-to-day community updates.
• Shortened client registration so new profiles were captured with fewer missing details.
• Supported customer communication with written messaging between members and artists.

Pulse Market — Client Records and Customer Messaging
pulse-market-eh1.pages.dev

• Reviewed seller documents and listing records so client profiles stayed accurate and consistent.
• Supported written customer communication between buyers and sellers.
• Prepared a 30-day activity summary of profile views and listing updates for straightforward reporting.

EDUCATION

Bachelor of Science in Information Technology, Major in Enterprise Resource Planning
University of the Cordilleras, Baguio City, Philippines | September 2026

AVAILABILITY

Resident of Baguio City. Available full time only, Monday to Friday, dayshift. Able to work from home or in the office. Stable internet connection.
